

# REQUEST FOR CITY COUNCIL CONSIDERATION

Meeting Date: June 18, 2007

Agenda Item: 4 (D)	Prepared By: Rony Joel, Public Works Director Date: June 5, 2007
Agenda Section: Business - Resolution	
Subject: Resolution to Approve a Local Agency Program Supplemental Agreement with FDOT For Traffic Signal Update Project	Department: Public Works

## **BACKGROUND:**

City Council is asked to adopt a resolution and execute a Local Agency Program (LAP) Supplemental Agreement with the Florida Department of Transportation (FDOT) for a Traffic Signal Update project along San Marco Road at Cushing Lane and Barfield Drive. The supplemental agreement changes the number of traffic signal upgrades from 4 signals to 2 signals. The changes to the original agreement were requested due to the fact that the upgrades at the other two locations were already covered under a separate Local Agency Program agreement.

The City was awarded a Local Agency Program Grant from the Florida Department of Transportation to fund the Traffic Signal Update project, which involves safety and maintenance upgrades to two (2) existing traffic signal installation along San Marco Road at Cushing Lane and Barfield Drive. The work involves the installation of internally illuminated mast arm signs and the installation of light emitting diode signal replacement bulbs. Funding from The Florida Department of Transportation to construct this project is \$117,250.

Attached is the agreement with Florida Department of Transportation for this improvement and the resolution authorizing the City Manager to execute this Florida Department of Transportation Agreement.

## **RECOMMENDED ACTION:**

Adopt the resolution and authorize the City Manager to execute the Traffic Signal Update Local Agency Program Supplemental Agreement with Florida Department of Transportation.
