

REQUEST FOR CITY COUNCIL CONSIDERATION

Meeting Date: May 21, 2007

Agenda Item: 2 (G)	Prepared By: A. Rony Joel, Public Works Director Date: May 11, 2007
Agenda Section: Business: Discussion	
Subject: East Winterberry Bridge Replacement Project Engineering Services during Construction	Department: Public Works

BACKGROUND:

City Council is asked to consider an award of contract for the engineering services during construction of the East Winterberry Bridge Replacement Project.

TBE Group was the design engineer. It is recommended the design firm be retained for construction engineering services. The detailed scope of services to be provided and the Not-to-Exceed fee is attached.

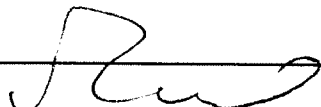

In general, TBE Group will attend the pre-bid conference; prepare monthly construction administration documents; respond to contractor's questions; review shop-drawing submittals; review monthly progress estimates and pay requests; provide daily Construction Management Services (estimated at 12 months); and provide Final Certification and Record Drawings of the Bridge Project.

Staff has negotiated a scope and a not to exceed budget of \$310,920. Funding for this contract is included under Emergency Reserve.

RECOMMENDED ACTION:

Authorize the City Manager to execute a contract with TBE Group for the Engineering Services during Construction of the East Winterberry Bridge Replacement Project in the amount of \$310,920.
