BACKGROUND:

The words positive, patient and kind describe the February employee of the month, Lois Gunter.

Lois Gunter started working for the City of Marco Island in October of 2004 as the Administrative Assistant assigned to the City Council and City Clerk. She retired from full-time employment in August, 2006.

Since that time, Lois has worked in various positions within the City, filling for employees away on leave or handling special projects. Her ability to be flexible and adapt to the needs of various departments within the City is amazing. Her enthusiasm and capacity for hard work is always refreshing. Lois is always willing to lend a hand, and she brings a sense of caring, compassion and common sense to the team.

Lois is truly unique and is a great asset to the City of Marco Island, the citizens she serves, and the employees she works with. Congratulations Lois on this well deserved recognition.
