Re: REGISTERED SEXUAL OFFENDERS WITH MARCO ISLAND ADDRESSES

Dear Community Member,

The Marco Island Police Department is providing you with updated information regarding registered sexual offenders residing on Marco Island. Florida law requires us to notify the community of all registered sexual predators residing in the City of Marco Island. Sexual predators are designated as such by court order. **There are currently no sexual predators residing on Marco Island.**

We are not required to notify the community about sexual offenders but are authorized to do so. Below is a **current list of three sexual offenders registered with Marco Island addresses.** An officer from the Police Department recently visited each registered sexual offender and verified his address.

This information is public record and can be accessed by contacting the following website: <http://www.fdle.state.fl.us/>. Clicking on the sexual predator file you can enter any location to find the predators or offenders registered in that area. We are sending this information to all schools, churches, day care centers, and youth facilities in the City.

If you have any questions you may contact our department at 389-5050 or FDLE at 888-357-7332.

Sincerely,

Roger Reinke, Chief of Police
