- Landscaping
- Electric & Load Calculations
- Plumbing
- Mechanical & Energy Calculations
- Approved Site Development Plan and/or Variances
- Survey
- Other Agency Approvals
- Erosion & Sediment Control (ESC) Plan

Be advised that significant portions of the City of Marco Island are subject to deed restrictions. It is incumbent upon the property owner to research deed restrictions that may be applicable to their property. Questions regarding deed restrictions should be directed to the Marco Island Civic Association (MICA) at (239) 642-7778.

Regulations and Information

1. City of Marco Island Building Services is regulated by the Florida Building Code 8th Edition (2023). For more information about the code or to purchase the code, visit <http://www.floridabuilding.org>.
2. Visit www.cityofmarcoisland.com/CSS for more information about how to submit for permit.
3. The City of Marco Island permit checklist must be completed and submitted with review plans.
4. Please click on this [link](#) for more information regarding the floodplain regulation permit requirements.
5. Other supporting documents, such as variances, surveys, conditional use permits, DEP permits, Health Department approval, application for Certificate of Public Adequacy, and GDSP's must accompany your plans.
6. Check with the respective property owner's association for deed restrictions.
7. All wall systems and roof systems must meet the Florida Building Code 8th Edition (2023) wind loads with appropriate exposure category factored. Category II = 170 mph, Category III = 185mph & Category IV = 190 mph. Structural components must be certified by a Florida licensed design professional.
8. All Florida Product Approvals and Miami Dade Notice of Acceptance information must be provided in our [Florida Product Approval/Miami-Dade NOA - Index Sheet](#).
9. Fire System Shop drawings must be prepared, signed and sealed by a Florida registered engineer if the system exceeds 50 heads. A Fire Contractor may sign the plans if the system has less than 50 total heads.
10. All plans must identify exit signs, emergency lighting, fire extinguishers, means of egress and rated walls, floors and ceilings.
11. A spot survey and spot elevation certificate will be required within 10 days after the approved slab inspection.
12. If electrical service is greater than 600 amps, an Electrical Engineer must design and sign the electrical plans with a raised seal.
13. Electrical load calculations and riser diagram are required to be submitted with plans.
14. Current year energy calculations must be submitted with plans.
15. If the occupant serves or prepares any type of food or beverage, the plans must comply with the Department of Business and Professional Regulation Division of Hotels and Restaurants.
16. A minimum 750-gallon grease interceptor is required when any type of food or beverage is being served or prepared.
17. Hood suppression system plans are required when any type of food or beverage is being served or prepared.
18. All Right-of-Way work must be permitted with the City of Marco Island Public Works Department.
19. Dumpster enclosure location is required to be noted on site plan.
20. All accessory structures must be permitted separately.
21. Per FBC Existing Section 1001.3, a new certificate of occupancy shall be issued where a change of occupancy occurs.
22. Maximum building area must be calculated for any additions that increase the building footprint.
23. One application must be filled out with the original signature of qualifier pulling the permit.
24. Fee for this permit is \$0.60 per square foot of the gross square footage of the structure for the building permit. The associated electrical, plumbing and mechanical permits are each \$0.20 per square foot of the gross square footage of the structure, with a minimum of \$77.00. The roof permit is \$5.00 per roof square (100 sq ft.). The site work permit is \$0.01 per square foot, minimum \$92.00. Fire review and fire prevention (inspection) fees are assessed at the current adopted rate.
25. A fee equal to 38% of the permit fee will be charged at the time an application for a permit is received for plan review. This fee is not refundable nor is it credited to any other fee.
26. The Electronic Data Conversion Surcharge, added to all permits, will equal 5% of the total permit cost, with a minimum charge of \$5.00 and a maximum charge of \$300.00. The fee is capped at \$100.00 if the documents are also submitted in electronic format.
27. If the building or tenant space had a different occupancy type, a letter from the Collier County's Impact Fee Coordinator will be required to verify impact fees or credits due.
28. A temporary power inspection will allow the power to be turned on, with the understanding that the areas under construction will not be occupied until a Certificate of Occupation or a Certificate of Completion is issued.
29. It is the contractor's responsibility to contact the Building Department when all final inspections are complete and obtain a Certificate of Occupancy or a Certificate of Completion.
30. Review the [Commercial Building Permit and Commercial Zoning Certificate Checklist](#)
