

City of Marco Island Building Services Division Boat Dock Use Affidavit

Job Site Address: _____ Owner Name: _____

Mailing Address (if different): _____

Owner's Phone Number: _____ Owner's email: _____

On previous occasions, the Building Services Division has experienced technical building code problems when homeowners continued to use their boat lifts and docks while a new home was being constructed at the same location.

The policy of the Marco Island Building Services Division is not to allow property owners to utilize their boat lift during construction of their new home. The undersigned owner acknowledges that while the home is under construction, use of the existing boat dock's electrical systems creates a life safety hazard (2002 National Electrical Code, Sections 90.4 and 110.3, and Articles 430 and 527) and the undersigned agrees not to utilize said electrical system.

I declare that I have read the foregoing Boat Dock Use Affidavit, and I shall comply with all conditions contained herein.

Print Name of Owner
