

City of Marco Island *Press Release*

07-07-20
036

The City of Marco Island is collaborating with the Healthcare Network of Southwest Florida to provide COVID-19 testing for our community. On Saturday, July 11, 2020 at Veterans Community Park, Healthcare Network will provide free drive-up COVID-19 testing from 9:00am - 11:00am. Testing will be available on a first-come, first-served basis for up to 250 people regardless of symptoms. A physician referral is not required and those receiving tests do not need to be patients of Healthcare Network. To ensure proper follow-up, a photo ID is required. Test results are expected in 3-5 business days.

This is a drive-up testing so drivers and passengers must remain in their vehicles at all times. Walk-ups and cyclists will not be accommodated at this testing location. For additional information, visit healthcareswfl.org or call 239-658-3000.
