

Funeral Assistance

FEMA provides financial assistance under the Other Needs Assistance (ONA) provision of the Individuals and Households Program (IHP) to households with disaster-caused funeral expenses¹. Funds awarded for Funeral Assistance count toward an applicant's financial ONA maximum for that disaster, which is an annually adjusted amount based on the U.S. Department of Labor's Consumer Price Index. The affected state, territorial, or tribal government establishes the maximum amount of Funeral Assistance and whether the assistance will be awarded per death or per household.

Funeral Assistance provides funds to help with the cost of uninsured expenses for a death (funeral services) or disinterment (unearthing or physical disturbance of remains) caused directly or indirectly by a Presidentially-declared emergency or major disaster.

Applicants are not required to reside in the Presidentially-declared disaster area to qualify for Funeral Assistance. An individual who incurs or will incur expenses related to death or disinterment, attributed directly or indirectly to a declared emergency or major disaster, may apply for and, if eligible, receive Funeral Assistance. In order to prevent duplication of federal assistance benefits, multiple registrations for the same deceased individual(s) are not allowed.

Conditions of Eligibility

To qualify for Funeral Assistance, applicants must comply with the following conditions of eligibility:

- The applicant must be a U.S. citizen, non-citizen national, or qualified alien.
- FEMA must be able to verify the applicant's identity.
- A state, local, territorial, or tribal (SLTT) government licensed medical official, such as the Medical Examiner or Coroner, has attributed the death to the emergency or disaster, either directly or indirectly.
- The applicant incurred or will incur eligible funeral expenses, not covered by other sources such as burial insurance or financial assistance from voluntary agencies, applicable government programs, or other entities.
- The applicant must provide to FEMA all required documentation identified below.

Required Documentation

The applicant must submit:

- An official death certificate that clearly indicates the death was attributed to the emergency or disaster, either directly or indirectly, or a signed statement from a SLTT government licensed medical official, such as a Medical Examiner or Coroner, attributing the death to the emergency

or disaster.

- A death is directly attributed to a disaster if caused by the forces of the disaster or the direct consequences of the forces, such as structural collapse, flying debris, or radiation exposure.
- A death is indirectly attributed to a disaster if it occurs as a result of unsafe or unhealthy conditions present during any phase of the disaster (i.e., pre-event preparations, during the actual disaster, or post-event during cleanup after a disaster), including disaster-caused exacerbation of pre-existing conditions.
- Receipts or verifiable estimates indicating the applicant incurred or will incur eligible interment, reinterment, or funeral expenses.
- Documentation of burial insurance and/or any forms of funeral assistance received from voluntary agencies, government agencies, charities, or other entities.
- For reinterment only, documentation proving that the disinterment occurred in a privately-owned, licensed cemetery or burial facility (such as an association or community cemetery or burial facility) and the cemetery or burial facility is not responsible for reintering displaced remains.
 - In the event of disinterment, FEMA will consider requests that include a funeral home representative or cemetery representative statement indicating that the cause of disinterment was a direct result of the disaster.

For interment or reinterment:

- Transfer of remains.
- Casket or urn.
- Burial plot or cremation niche.
