

City of Marco Island

Press Release

04-16-21
21-25

The City of Marco Island has completed its vaccination clinics for first doses of the COVID-19 vaccine. Appointments for second doses of the vaccine will continue to be filled through May 14, 2021. The City's registration database will no longer accept new registrations. We encourage residents who are still seeking a vaccine appointment to contact their doctor or visit the City website to see a listing of vaccination locations:

<https://www.cityofmarcoisland.com/emergency/page/covid-vaccine-appointment-information>.

The City's Fire Rescue Department in collaboration with Collier County EMS, Department of Health (DOH), and Merit have provided approximately 4,700 vaccine doses since January. Collier County DOH has reported that 82% of Collier County residents over age 65 have been vaccinated.
