CITY IRRIGATION RESTRICTIONS IN PLACE THROUGH AUGUST 1ST

(June 27, 2023) Irrigation restrictions are in effect throughout the City of Marco Island through August 1, 2023. The temporary restrictions reduce irrigation from 3-days per week to 2-days per week in order to enhance the City's potable water production capabilities. The temporary measures remove Monday and Tuesday from the allowable irrigation days. Water irrigation is allowed from 12:01a.m. to 8:00a.m. on Wednesday and Saturday for properties with odd numbered addresses and Thursday and Sunday with even numbered addresses.

Please see the table below for allowable irrigation days and times. For questions, please contact Customer Service at (239) 394-3880 option 1.
