City of Marco Island, Florida 457 Deferred Compensation Plan City of Marco Island, Florida Features and Highlights

Read these highlights to learn more about your Plan. If there are any discrepancies between this document and the Plan Document, the Plan Document will govern.

About the Governmental 457(b) Plan

A governmental 457(b) deferred compensation plan (457 Plan) is a retirement savings plan that allows eligible employees to supplement any existing retirement and pension benefits by saving and investing before-tax dollars through a voluntary salary contribution. Contributions and any earnings on contributions are tax-deferred until money is withdrawn. Distributions are subject to ordinary income tax.

Eligibility Requirements

To enroll in the Plan, employees must meet the following criteria:

- No age requirement
- No service requirement

Eligible employees may enroll immediately.

Please contact your Plan Administrator for information regarding excluded employees.

Enrollment

You may enroll by completing an Enrollment form and returning it to your Plan Administrator.

Contribution Limits

Deferred Salary

In 2023, the Deferred Salary amount is between 1% and 100% of your compensation or \$22,500.00, whichever is less.

Special 457(b) catch-up contributions allow you for 3 years prior to normal retirement age to contribute the lesser of:

- Twice the annual limit, or
- The basic annual limit plus the amount of basic limit not used in prior years if not using age 50 or over catch-up contributions.

Participants turning age 50 or older in 2023, may contribute an additional \$7,500.00. Please note you cannot make age 50 and over catch-up contributions and special 457(b) catch-up contributions in the same year. Additional plan details are available in plan documents.

Roth Salary Deferral

The Roth option will give you the flexibility to designate all or part of your Governmental 457(b) elective deferrals as Roth contributions.

Roth contributions are made with after-tax dollars, as opposed to the pre-tax dollars you contribute to a traditional Governmental 457(b). In other words, with the Roth option, you've already paid income taxes on money you contribute. With the traditional Governmental 457(b), your contribution is made on a pre-tax basis and you pay income taxes only when you take a distribution.

Employer Contributions

Money Purchase

Please contact your employer regarding a money purchase contribution.

Vesting Schedule

Vesting refers to the percentage of your account you are entitled to receive upon the occurrence of a distributable event. The value of your contributions to the Plan and any earnings they generate are always 100% vested (including rollovers from previous employers).

The employer money purchase contribution is immediately 100% vested.

Investment Options¹

A wide array of core investment options are available through your Plan. Each option is explained in further detail in your Plan's fund sheets. Once you have enrolled, investment option information is also available through the website at empowermyretirement.com or call the Voice Response System toll free at 1-800-701-8255. The website and the Voice Response System are available to you 24 hours a day, 7 days a week.

¹Prospectuses, disclosure documents and investment-related options/services information are only available in English. Please have them translated prior to investing.

Transfers and Allocation Changes¹

You can move all or a portion of your existing balances between investment options (subject to Plan rules) and change how your payroll contributions are invested.

¹Transaction requests received in good order after the close of the New York Stock Exchange will be processed the next business day.

Rollovers¹

Only Plan Administrator approved balances from an eligible governmental 457(b), 401(k), 403(b) or 401(a) plan or an Individual Retirement Account (IRA) may be rolled over to the Plan. Some plans may only allow rollovers from other Governmental 457(b) plans.

¹Governmental 457 funds rolled into another type of plan or account may become subject to the 10% early withdrawal penalty if taken before age 59 1/2.

Withdrawals

Qualifying distribution events are as follows:

- Retirement
- Permanent disability
- Unforeseeable emergency (as defined by the Internal Revenue Code and if allowed by your Plan's provisions)
- Severance of employment (as defined by the Internal Revenue Code provisions)
- Attainment of age 59 1/2
- Death (your beneficiary receives your benefits)

Ordinary income tax will apply to each distribution. Distributions received prior to age 59 1/2 from money sources other than Governmental 457(b) money sources may also be assessed a 10% early withdrawal federal tax penalty. Refer to your Summary Plan Description for more information about distributions.

Any transaction related fees will be disclosed during the withdrawal process.

Plan Fees

Distribution Fees

The benefit disbursement fee is \$0.00.

The periodic payment setup fee is \$50.00.

Investment Option Fees

Each investment option has an investment management fee that varies by investment option. These fees are deducted by each investment option's management company before the daily price or performance is calculated. Fees pay for trading of securities within the investment option and other management expenses.

Funds may impose redemption fees on certain transfers, redemptions or exchanges.

Loans

Your Plan allows you to borrow the lesser of \$50,000.00 or 50% of your eligible total vested account balance. The minimum loan amount is \$1000.00 and you have up to 60 months to repay your general purpose loan.

There is also a \$125.00 origination fee for each loan, which is deducted from the proceeds, plus an ongoing annual \$0.00 fee.

An investment in your future

One key to investing is choosing investments based on your age, your unique situation and your investing style.

Do-it-myself investor

Your plan offers a range of investments that allows you to choose the mix of investments to fit your strategy.

Help-me-do-it investor

You may want to simplify your approach when choosing an investment by considering a single pre-diversified target date fund based on when you expect to retire. Generally, the asset allocation of a target date fund will gradually become more conservative as the target date nears. The date in the fund's name represents when you plan to start withdrawing money (generally assumed to be at age 65). The principal value of the fund is not guaranteed at any time, including at the time of the target date and/or withdrawal.
