Meeting Date: May 3, 2021
To: City Council
From: Chief Tracy Frazzano
Through: Michael A. McNees, City Manager
Re: March 2021 Monthly City Council Report

INTRODUCTION

Since March is Women's History Month, it began with a celebration of the women of the Marco Island Police Department. As with the month's prior, our staff and Reserve/Auxiliary Officers continued each week to assist with traffic control, security, and check-in for the City of Marco Island's COVID-19 Vaccine clinic. We made available to the residents and workers of Marco Island the fingerprinting service that had been suspended since COVID-19 restrictions were implemented. March has historically been one of the busier months due to the various weeks of spring break for public schools, colleges, and universities. This year was no different which led to an increase in patrol efforts especially during the evening hours on the beaches. Officers repeatedly engaged with citizens and visitors to enhance our community policing efforts. Members from the patrol and code enforcement division, worked with our Parks and Recreation Department to ensure a smooth transition of the Island's Farmer's Market from Veteran's Park to Mackle Park.

Officers Nelson and Schmid rewarded these children with free ice cream cones from local businesses for practicing safety protocols by wearing their bike helmets.

Training

- ✓ Sgt Ryan Montgomery and Officer Edward Carey attended General Instructor Training March 1st through the 3rd.

Reserve / Auxiliary Program Activity Hours

Reserve and Auxiliary Police Officers are unpaid volunteers who are certified by the State of Florida to perform in the law enforcement role. These officers must meet the Department's and State of Florida's annual retraining / certification requirements. Reserve and Auxiliary personnel are required to volunteer a minimum of 16 hours per month. They perform a variety of functions for our Department and community which are outlined in the chart below. Particularly they assist full-time personnel at community events or special duty functions (requests for an officer to be assigned and compensated by the outside vendor) and during significant weather events such as hurricanes or flooding. Reserve and Auxiliary Officers provide an additional uniformed police presence in neighborhoods, commercial areas, schools, parks, and beaches. Once a month Reserve and Auxiliary Officers have a staff meeting to review policy changes, attend training and address planning and logistical requirements. The below chart signifies the logged hours that have been devoted to the particular assignment by the Reserve and Auxiliary Officers.
