## INTRODUCTION

The Marco Island Police Department and the Community Service Unit have been proactive in their mission to protect Sea Turtles throughout Sea Turtle Nesting Season which began on May 1<sup>st</sup>. Community Service Officers Lindenmuth, Dodd, and Warder have been working hard to ensure Sea Turtle lighting compliance on beachfront properties, to help reduce the amount of hatchling disorientations this nesting season. Community Service Officers Ferraro and Citarella recovered an injured Osprey and had it transported to the Conservancy. The Marco Island Police Community Service Unit received their new beach patrol vehicle, Polaris #200, which CSO Dodd utilized to help tow in a disabled jet ski to the beach and ensure the safety of all passengers on the vessel. The MIPD worked hard to keep our community safe and clean Memorial Day weekend with increased beach, marine, and traffic enforcement. On Memorial Day we recognized the ultimate sacrifice our nations veterans have made for our freedoms to gather with our families and loved ones.

## Reserve / Auxiliary Program Activity Hours

Reserve and Auxiliary Police Officers are unpaid volunteers who are certified by the State of Florida to perform in the law enforcement role. These officers must meet the Department's and State of Florida's annual retraining / certification requirements. Reserve and Auxiliary personnel are required to volunteer a minimum of 16 hours per month. They perform a variety of functions for our Department and community which are outlined in the chart below. Particularly they assist full-time personnel at community events or special duty functions (requests for an officer to be assigned and compensated by the outside vendor) and during significant weather events such as hurricanes or flooding. Reserve and Auxiliary Officers provide an additional uniformed police presence in neighborhoods, commercial areas, schools, parks, and beaches. Once a month Reserve and Auxiliary Officers have a staff meeting to review policy changes, attend training and address planning and logistical requirements. The below chart signifies the logged hours that have been devoted to the particular assignments by the Reserve and Auxiliary Officers.
