

City of Marco Island

Meeting Date: December 5, 2022
To: City Council
From: Chief Tracy L. Frazzano
Through: Michael A. McNees, City Manager
Re: September 2022 Monthly City Council Report

***Marco Island First Responders'
Honoring lives lost during 9-11***

Sunday, September 11th at 9am, the Marco Island Police Department along with Marco Island Fire and Rescue, the Marco Island Police and Fire Foundations and City Council paid tribute to the fallen First Responders and victims of 9-11. It is a day that is ever present in our minds: the sacrifice made by these brave men and women. We will never forget.

At the end of the month, news announced that a Tropical Storm strengthened into a major Hurricane. While original forecasts predicted Marco Island outside the cone, our team of officers and civilians prepared and continued working around the clock throughout and after the event.

Below are highlights of the safety initiatives and services performed by the Police Department's dedicated officers and civilians during this major incident:

- **106** citizen assists;
- **152** welfare and wellness checks;
- **177** residential alarm checks;
- **30** vehicles disabled on roadways from storm surge, relocated to a safer location;
- **311** recovered vessels with notifications to owners;
- Over **860** answered calls from our community and families; 2-1/2 x's the average call volume we receive during the off-season;
- Over **200** informational social media posts on Facebook, Instagram, Twitter, and Nextdoor;
- **427** new construction and roofing sites checked and secured by Code Officers prior to landfall;
- **198** post hurricane construction site inspections/ clean-up initiatives in the first few days of landfall;
- Over **1,000** hurricane resource leaflets, in English and Spanish, were hand-distributed to businesses and residents.

September Police Activity

Crime report:

88 incident reports were written in September. The number of criminal offenses increased 76% versus the same time period last year. The largest increase in crimes was under the miscellaneous crimes category which consisted of hit and runs, trespassing, fleeing and eluding and disorderly conduct. This month, there was a slight increase in crimes against persons due to instances of domestic violence related battery. The Marco Island Police Department made 14 arrests in September with the majority being for instances of criminal traffic and assault/battery.

Our Marine officers had the honor to escort the Naples Take a Soldier Fishing . This non-profit organization supports active-duty military, retired and wounded veterans. This particular event focuses on providing these military members an opportunity to go fishing as a way to thank them.

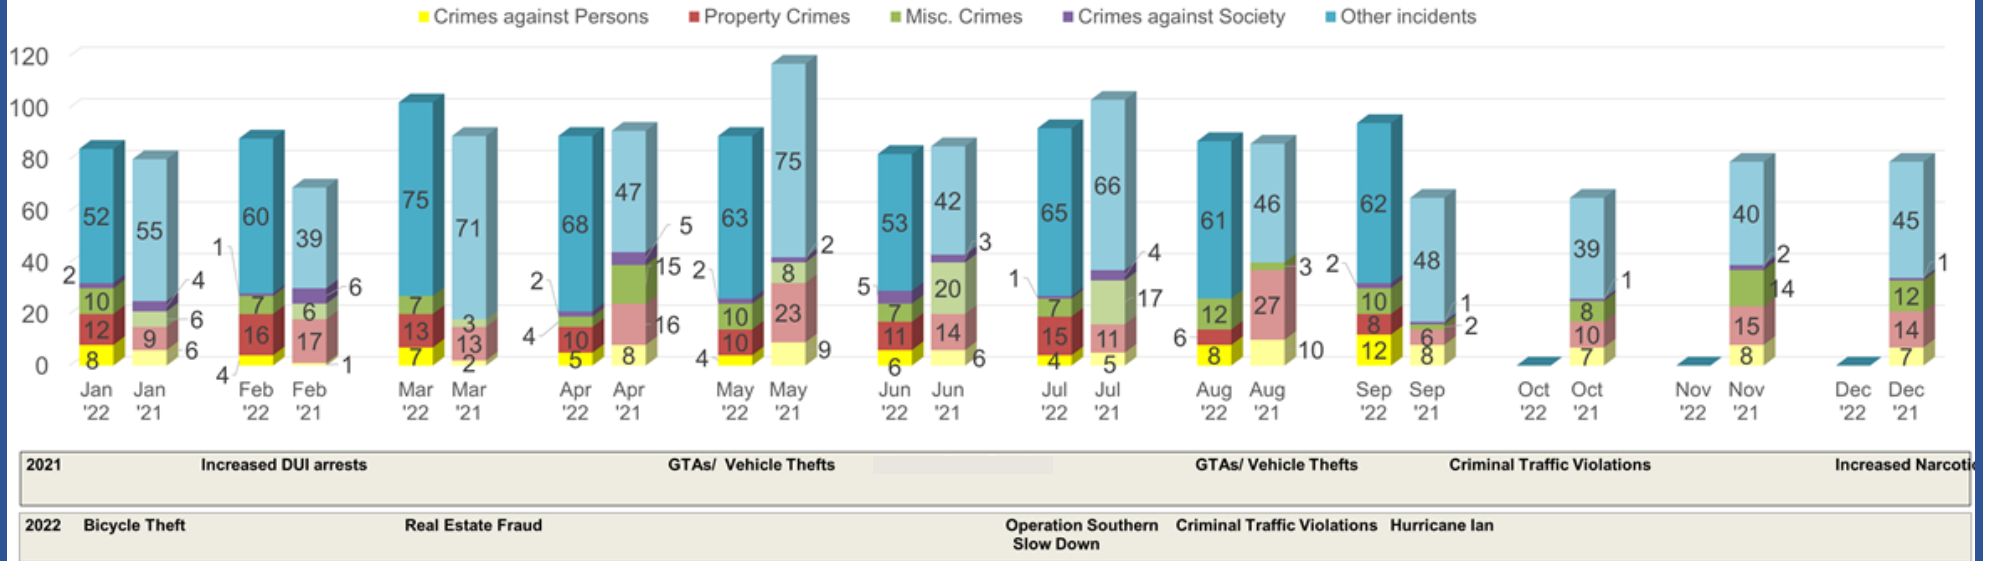

Note: Multiple criminal offenses may have occurred within some incidents in 2022. This reporting aligns with new crime data collection requirements from the Florida Department of Law Enforcement and the FBI. This announcement for crime reporting was covered in the February 2022 monthly report.

Non-criminal incidents are reports that do not have a criminal offense or are information reports. Examples include fraud cases (outside of Marco Island jurisdiction), other agency assists, lost and found items and medical assists.

2022 vs 2021 Incident Trends

59 non-criminal incidents reports were taken in September 2022 which equated to 67% of total incident reports. The majority of non-criminal incidents were for motorist unknowingly operating with a suspended or revoked license/ registration (30%). Other notable incidents were lost and found property (17%), civil disputes and domestic disturbances (15%) and providing aid to other agencies such as fire, EMS, or other jurisdictions (8%).

2022 v. 2021 Incident Trends
by Crime Category, Non- Crime

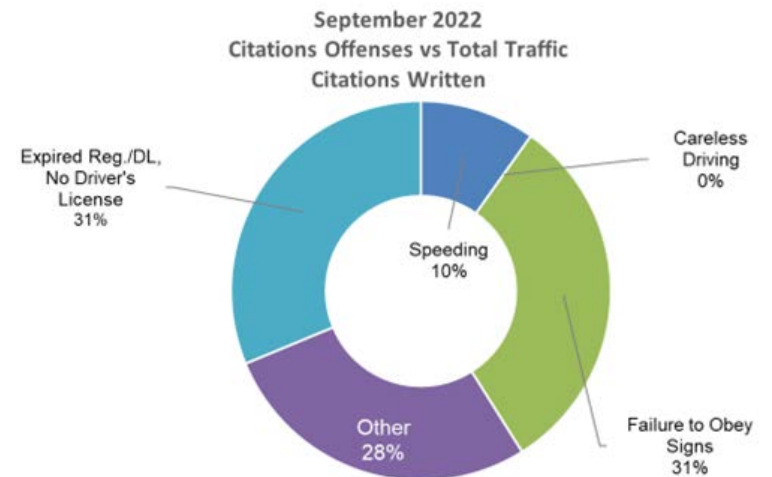

Traffic patrol

In September, 250 traffic citations and warnings were issued

The majority of issued citations were for failure to obey traffic control devices (stop signs, red lights etc.) and driving with an expired registration or driver's license (31%).

In September 2022, 3 criminal traffic citations were written for driving without a driver's license or with an expired registration with knowledge. The Marco Island Police Department seized 20 driver's licenses and 8 license plates for suspensions or revocations.

Officers made two arrests for individuals driving under the influence; they were transported to the Naples Jail Center.

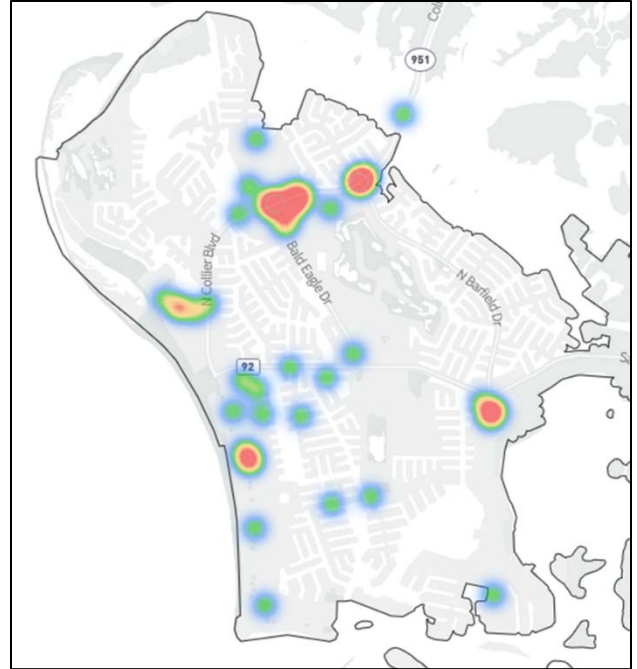

Quarterly Crash Report

The Marco Island Police Department tracks vehicle crash data on a quarterly basis to understand traffic accident patterns. This data helps inform where we allocate resources for crash prevention.

The heat map to the right, shows geographic locations with the highest concentration of reported crashes (does not include driver exchanges). Areas where crashes are more densely concentrated or had injuries appear with red or orange coloring.

51 crashes were reported on Marco Island from July through September. Of those crashes:

- Most (92%) had no injuries.
- 41% occurred in parking lots, related to backing/ parking maneuvers.
- Intersections at N. Barfield Dr., Bald Eagle Dr., and S. Collier Blvd. represent the greatest number of reported crash incidents.
- Data indicates crashes were concentrated on weekends between 12pm and 4pm.

September Personnel News

Staff activity

Officers Kirsch and Kreis celebrating their 10 years of service

- Community Service Officer (CSO) Ira Warder rejoined the Marco Island Code Enforcement Department after working with the Collier County Sheriff’s Office.
- Officers Kreis and Kirsch were recognized for their 10 years of service with the Marco Island Police Department.

CSO Warder, rejoins the Marco Island Police Department

Training and Conferences

- Detective Smith attended training for Child Exploitation Investigations.
- Officer Plays and Lopez attended Police Crisis Intervention training. They learned tactics to reduce the risk of serious injury or death during emergency interactions.
- Officer Palys completed his Marine Training, a requirement for vessel patrol operators. The curriculum consists of practical and classroom lessons covering topics such as navigation, safety, marine conduct, laws, regulations and policies.
- Records Clerk, Katie Hofmeister attended Florida Department of Law Enforcement Criminal Justice Information Services (FDLE CJIS) training. The curriculum focused on crime reporting and data transparency.

Records Clerk Katie Hofmeister attended FDLE CJIS training in Miami

September Detective Bureau Monthly Report

Investigative Summaries:

| | Sep-22 | Sep-21 | 22 vs. 21 Diff. |
|-----------|--------|--------|-----------------|
| Closed | 61 | 44 | 39% |
| Cleared | 15 | 9 | 67% |
| Open | 6 | 7 | -14% |
| Suspended | 6 | 5 | 20% |
| Total | 88 | 65 | 35% |

Cases Closed by Detective Bureau:

Violation of County Probation – An investigation revealed that a person was in violation of their probation. A Violation of County Probation (VOP) warrant was obtained, and the person arrested.

Risk Protection Order Renewal – A person with a Risk Protection Order (RPO) agreed to a joint stipulation to possess no firearms or ammunition for another 12 months.

Follow-Up Reports from Patrol:

Hit and Run Crash – Detectives reviewed a hit and run case; the victim decided not to press charges.

Grand Theft Auto – The vehicle of an overnight auto theft was recovered outside city limits and an arrest made.

Petit Theft – Detectives are investigating a theft from a demolition site.

Grand Theft – A case of cryptocurrency theft is under investigation.

Grand Theft – Payment made to contractor is being investigated.

Computer Crime – An allegation of destroyed business records was investigated. The victim declined pressing charges.

Hit and Run Vessel Crash – An arrest was made after an investigation of a hit and run vessel crash.

Self-Initiated Reports:

Aggravated Assault – A road rage incident involving a firearm was reported to the Detective bureau. Detectives made contact with the suspect and seized the firearm. The case is pending charges.

Violation of Probation – Detectives discovered an individual on probation violating conditions. The subject's probation officer was notified and has followed-up with the subject.

Operation Medicine Cabinet – 43 lbs. of assorted prescription medications were removed from the public drop-off site and placed into evidence pending destruction.

Detectives: Investigation Summary for September

| Case Management | | Arrests/Warrants/Prosecution/ Hearings | |

September Reserve / Auxiliary Program Activity Hours

Reserve and Auxiliary Police Officers are unpaid volunteers who are certified by the State of Florida to perform in the law enforcement role. These officers must meet the Department's and State of Florida's annual retraining / certification requirements. Reserve and Auxiliary personnel are required to volunteer a minimum of 16 hours per month. They perform a variety of functions for our department and community which are outlined in the chart below. Particularly they assist full-time personnel at community events or special duty functions (requests for an officer to be assigned and compensated by the outside vendor) and during significant weather events such as hurricanes or flooding. Reserve and Auxiliary Officers provide an additional uniformed police presence in neighborhoods, commercial areas, schools, parks, and beaches. Once a month Reserve and Auxiliary Officers have a staff meeting to review policy changes, attend training and address planning and logistical requirements.

Officers closely monitoring impact of Hurricane Ian at Caxambas Park

| Activity Type | September | August | Current Year 2022 |

Special Duty Hours – Performance of Law Enforcement Duties Compensated by Outside Vendors

Special Details in September totaled 223 hours, [↑](#) 62 hours from August.

- United Church Security 12 Hours
- JCMJ Security 33 Hours
- Island Country Club Security 64 Hours
- Hilton Marco Beach Security 32 Hours
- JW Marriott Security 8 Hours
- MIA Security 18 Hours
- Club Regency Security 56 Hours

MIPD helping Our Daily Bread with recovery efforts with the community

MIPD thanks our many local businesses who worked tirelessly with us to keep the Island safe

September Marine Report

Throughout September, Marine Officers continued attending to a significant increase of marine incidents due to an observed increase of boat traffic on Marco Island waterways.

Marine Officers and assets were utilized during Hurricane Ian to provide officials in the Emergency Operations Center with updates of island conditions throughout the storm. Officers evacuated several citizens whose homes became flooded on Marco Island and Goodland.

Marine Officer pulling debris from the canals

Post hurricane, Marine Officers conducted storm damage assessments on all Marco Island waterways, bays, and canals. 311 vessels

were documented as being capsized, damaged, displaced, or adrift. This was a sharp increase from Hurricane Irma where 124 damaged vessels were documented. Notifications were made to owners.

22 docks with visible structural damage and 2 missing navigational markers (marker #8, Caxambas Pass and marker #3, Factory Bay) were also documented. No new shoaling was observed within the island's navigational waterways .

Officers secured, removed, and relocated large pieces of debris from waterways throughout their patrols. They surveyed the waterways using sonar to locate submerged obstacles marking them with temporary buoys for later removal.

| September 2022 Marine Incidents | Sep-22 | Sep-21 |

Marine Officers Ferris and Garner surveying damage post Hurricane Ian

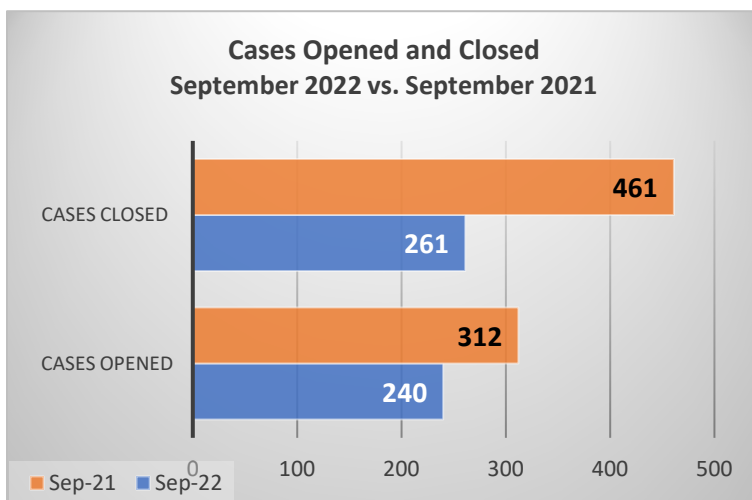

September Code Enforcement:

Code Enforcement played an integral role with Hurricane Preparedness and follow up. On September 24th, Code Enforcement Officers proactively began inspections of all the construction sites in preparation of Hurricane Ian. 427 construction and roofing sites were inspected. Hazardous items and debris were secured as a means to mitigate potential damage created by the Hurricane's wind and storm surge. Throughout the event Code Officers provided assistance to people rescued from Goodland and Marco Island; ensuring their safety and directing to Shelters for temporary housing. Code officers' post hurricane assistance entailed distribution of over 1,000 informational flyers with post-hurricane FAQs to residences and businesses, community outreach with welfare checks, and debris cleanup at 198 locations.

September 2022 Code Enforcement Cases

240 cases were opened in September. The case load represented a decrease versus the same time period last year, due to a shift in priorities for Hurricane readiness. The largest number of code violations this month was for trash on swale, overgrown weeds and roadway obstruction; a trend similar to August's issued violations. 1 valid noise violation occurred for the month of September.

| Type of Violation | Number of Violations |
|--------------------------------------|----------------------|
| Trash on Swale | 105 |
| Overgrown Weeds | 37 |
| Right of Way Obstruction | 28 |
| Parking Citation | 18 |

| Vehicle for Sale Without a Permit | 1 |
| Work Without a Permit | 1 |
| Protection and Permitting Procedures | 1 |
| Glass on Beach | 1 |

September 2022 Code Enforcement Cases

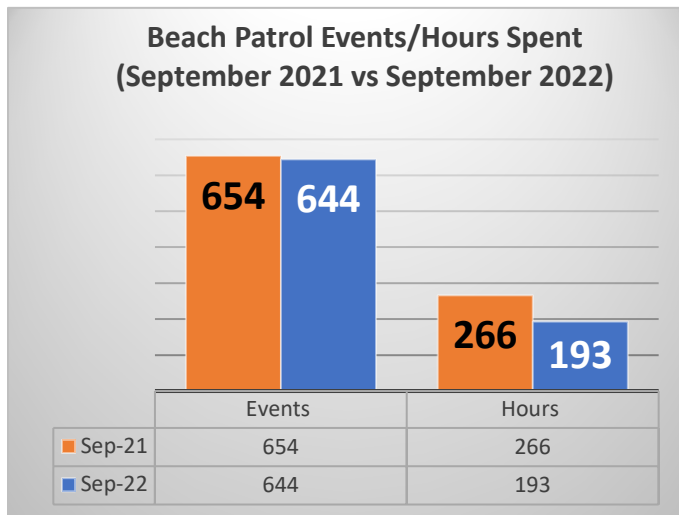

The September 27, 2022, the Magistrate Hearing was cancelled due to Hurricane Ian. All cases listed on the agenda will be postponed to the next hearing on December 13, 2022.

**This figure reflects the total number of violations and not the number of cases. This is to account for cases with multiple violations.

Beach Report

The number of beach patrol events remained constant this month versus the same time last year, despite beaches being closed several days due to Hurricane Ian. Officers monitored the beach surrounding the Hurricane incident and aided with wildlife inspections and debris clean-up.

The day before the hurricane made landfall, Community Service Officers Warder and Coto worked with Brittany Piersma, a Field Biologist from the Audubon Society, to monitor a manatee that stranded itself in the shallow waters at the north end of the Island. Our Officers, along with Ms. Piersma, ensured the manatee remained in good condition until the tide came up. The manatee released itself and returned to the waters.

| Missing Child/Adult | 1 |

Code Enforcement: Water quality

During September, Code Enforcement issued 7 MS4 violations. MS4 (Municipal Separate Storm Sewer System) Ordinances are legislated to provide health, safety, and general welfare to citizens with clean water. The MS4 ordinance goal is to mitigate long-term and immediate adverse effects from stormwater run-off into natural water bodies located in and adjacent to the city. (Sec.8-70).

5 of the 7 issued MS4 violations were for silt fence offenses; 2 were for illicit discharge. Of the 7 cases, 6 made appropriate changes and 1 is scheduled to go before the next scheduled Magistrate.

Code Enforcement is also working closely with the City Environmentalist to ensure the proper Ordinance regulations are being followed/enforced.

Code Enforcement Protected Species Update

Gopher Tortoises: On September 21, Code Enforcement responded to a call concerning a contractor digging on a lot which had multiple Gopher Tortoise Burrows. Community Service Officer (CSO) Andrews investigated the complaint and determined the digging was within the Gopher Tortoise protection zone of two different burrows. CSO Andrews documented the violation and issued a Notice of Violation. This case remains under investigation.

The Audubon of Western Everglades advised they will recommence Gopher Tortoise surveying on Key Marco, Hideaway Beach and Spinnaker Dr.

The Audubon of Western Everglades also informed Community Service Officers that salt water is detrimental to Gopher Tortoises' well-being. Officers have been on the lookout for these animals who may have been impacted from the Hurricane's storm surge.

Our Code Enforcement Department continues to remind our community residents, workers and visitors that Gopher Tortoises have a 25-foot protection zone year-round.

Sea Turtles: 2 calls for service were made for condos with ordinance lighting violations; both were investigated and determined to be unfounded. At the end of September, no active nests have been monitored due to the impact of Hurricane Ian.

Burrowing Owls: Burrowing owl nesting season ended July 11. Although owls are not nesting, our CSOs are keeping a close eye on their welfare, particularly ensuring that people adhere to the 10-foot protection buffer during non-breeding season.

A Burrowing Owl sheltering at a resident's house during the Hurricane

According to Audubon of Western Everglades, we have over 300 naturally occurring Owl sites on Marco Island. Thankfully, the Audubon of Western Everglades reported no owls perishing from the Hurricane.

In September, Code Enforcement officers responded to 15 calls related to Burrowing Owls. Most of these cases involved people parking too close to Burrowing Owl nests. Once educated and warned, offenders complied.

Two cases involved construction sites that had no silt fences around the burrows. One of these cases resulted in a Notice of Violation being issued, the other complied.

On September 19, a burrowing owl nest was compromised by a survey company. Marco Island Code Enforcement along with the Florida Fish and Wildlife Conservation Commission (FWC) and the Audubon of Western Everglades responded to the scene to investigate. The Audubon scoped the burrow; no owls were discovered injured. A Notice of Violation was issued.

On September 22, Code Enforcement responded to another complaint that reported a burrowing owl nest was filled in prior to obtaining the proper permits. The burrow was permanently damaged due to this action and a Notice of Violation was issued.

Capt. Wallace and CSO Warder help transport a bird injured during Hurricane Ian, for medical treatment

September Community Engagement Report

Connect with us @Marcoland PD

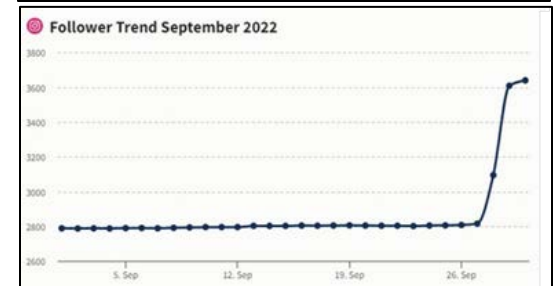

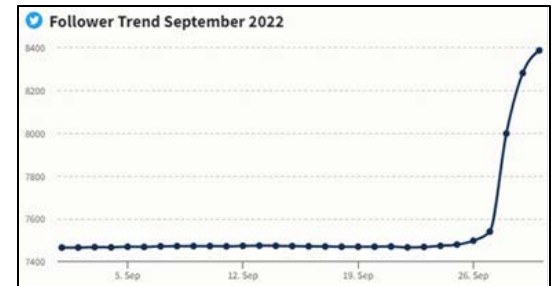

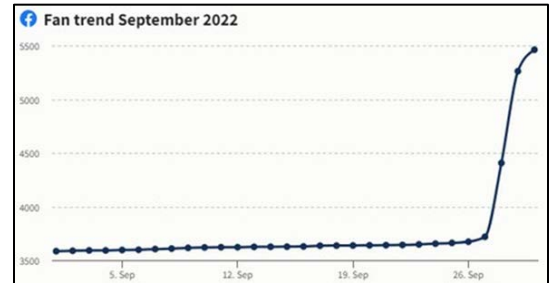

The Marco Island Police Department leveraged the power of social media to provide critical, real-time information, notifications, and instructions to our community regarding Hurricane Ian.

Leading up to and throughout the incident, our Marco Island Police Department social media community increased exponentially as people checked in for updates during the crisis.

The two top-performing posts included videos of Hurricane Ian. Reach of these videos expanded when multiple national and local media outlets reshared content due to its timely and informative material.

In the first few weeks of September, the Marco Island Police Department issued a media release on our response to a suspicious package and sent out an urgent scam alert message. We also attended several community events, such as Take a Solider Fishing and the Bike Safety Fair, which generated positive engagement across the platforms.

Number of followers for Marco Island Police Department Facebook, Twitter, Instagram

Note: MIPD social media platforms reached an all-time high during Hurricane Ian, garnering over 4K new followers. Peak audience reach occurred across September 27- 28, 2022. We anticipate a potential audience decline post incident as the crisis normalizes.

#Bettertogether Highlight

Some of the best events MIPD can host are those with multiple layers. This year's Bike Safety Fair included theft prevention by introducing our Bike DNA program. Partnering with our local bike shop allowed residents to get a bike safety check, including bikes and tire pressure.

Our Marco Kids continued to enjoy winning the prize wheel, enforcing bike safety with prizes including bike bells and safety reflectors.

Calls for Service data reflects activity captured in an agency's Computer-Aided Dispatch (CAD) System for any call (not per incident) that causes a police officer or code enforcement officer to take an action or expend agency resources, whether agency-initiated or citizen initiated.

* Note: may be under-reported due to CAD coding issue.

[^] Note: September activity impacted by Hurricane Ian recovery
